Pickard Plant is Remodeled to Speed Production

**Changes to Allow Increase
of 60 Percent in
Output**

Even in colonial days fine American china was beginning to make a name for itself, as admirers of "luster ware" and other early colonial ceramic products are aware. An evidence of the increasing estimation in which American china is being held is the growing vogue of the Antioch-made Pickard ware, which at the present time is causing an extensive remodeling job at the plant here.

According to estimates supplied by Ray Gruidl, local manager, the extensive remodeling of the plant now being carried on, and additions and improvements in the line of equipment, will allow for a 60-percent increase within the next six months in the amount of chinaware produced at the plant.

Re-build Kiln

The kiln is being re-built and, according to C. W. Elliott, who is in charge of the "firing," it will now not only be able to accommodate 60 percent more chinaware at one time, but will probably be "fired" at closer intervals.

Where at the present time the plant has been turning out about one kiln-load of chinaware every three weeks, it will now probably produce a 60 percent larger kiln-load in a week to 12 days shorter time. The value of the kiln-loads varies according to the type of article being manufactured, whether dinner ware, art ware, and so on.

Six new workers are to be added to the force at the plant after the first of the year.

Besides the re-building of the kiln, the improvements at the plant include the remodeling of the former office into a "spray-room" for the glazing of the ware, and the construction of a new inspection table with a blower system to carry off dust particles.

A new "clay-up" booth will help speed up production of the "greenware" for the "first firing," which bakes the clay into a firm shape ready for the application of the glaze, after which it is again fired.

Make "Potter's Wheel"

A potter's "kicker" wheel—an instrument older even than biblical times—is being built to order for John Lippert, pottery expert at the plant, who prefers it, for some of the "touchier" work, to the two machine-driven "jigger wheels" already available. This ancient but still very necessary instrument is something that cannot be bought to order, it is said, but must be made to the master potter's specifications.

Added storage space, to accommodate the increase in the amount of ware produced, is also being allowed for, and new shelves and stages are being built.

The milling room, where the clay is ground and the chemical work done, has been completely enclosed and modernized. A system of vents here also will carry off dust, helping not only to keep the pottery free of accidental colorings of any kind, but also to protect the health of the workers. The capacity for clay storage has (continued on page 8)

Scott and Vos Homes Awarded Prizes For Christmas Decorations

Walter I. Scott of 406 Center street, was awarded the first prize of ten dollars given by the Antioch Lions club for best home Christmas decorations by a committee of out-of-town judges who made the rounds of the town on Sunday night. The Ed. F. Vos home on North Main street was awarded second prize of five dollars.

Both winners utilized groving evergreen trees on their lawns as a spectacular part of their decorating plans, and thresholds and inside window lightings carried out the plans, making the entire Yule displays harmonious and beautiful.

Judges in the contest were Dr. R. A. Mullen of Burlington, Wis., and Charles Hass of Pierceton, Indiana. After viewing Antioch's many beautiful home decorations the judges declared they had faced an extremely difficult task. Many homes were given honorable mention, but there were only two prizes to be given and the decision of the two disinterested judges was final.

Lions Supply Baskets to 27 Needy Families

**Christmas Cheer Brought
to Many Homes by
Club Members**

Twenty-seven families in Antioch township enjoyed a happier Christmas than they might otherwise have had through the interest of the Antioch Lions club.

Forgetting their own business cares and other worries for the pleasure of helping others, the members of the club of which Dr. D. N. Deering is president and Geo. Wagner, secretary, purchased with the organization's own funds meats, groceries, fruits and many other foodstuffs to fill the huge baskets.

Twenty-five different kinds of food items went into each basket, filling them to overflowing, according to Robert C. Abt, chairman of the Christmas basket committee. Robert Mann, Robert King and George W. Joedicke were the other members of the committee.

Distributing Committee

In charge of the distribution were Joedicke and Walter I. Scott, in one car; Elmer Rentner and Oscar Hachmeister in another, and Abt and Jack Flanagan in a third.

This is the second year that the club has distributed baskets to needy families.

The Lions' Christmas contributions to the community also included the arranging for the broadcasting of carols over a loudspeaker system in the village during Christmas week.

Expenses in connection with the broadcasting of the carols were paid by the club.

Drum Corps is Invited to Play at Shrine Circus

**Young Folks to Leave on
Special Train, Share
in Parade**

The signal honor of taking part in the parade that will be one of the features of the Shrine Winter circus in Chicago on Friday evening, Jan. 5, falls to the lot of the Antioch Junior Legion Drum and Bugle Corps.

Arrangements for having the corps appear in the parade have been made by Fred B. Swanson of Antioch, president of the Lake County Shrine club.

According to Otto S. Klass, adviser to the Juniors, Mr. Swanson has made arrangements on behalf of the Shrine to have a special bus convey the young people from Antioch to the Edison Court station of the North Shore in Waukegan.

There they will transfer aboard the special train that will be waiting to carry Lake county Shriners and their friends to Chicago for the circus. The train will leave Waukegan at 5:20, Swanson has already announced. The circus-goers and the bugle corps players will have their supper on the train, and upon their arrival in Chicago will leave for the circus grounds.

Work Started on Store Building at Four Corners

A garage has already been put up and concrete is being poured for the foundations of the new store building being built at the Four Corners, between Grass Lake and Fox Lake, by Mr. and Mrs. George Cernbenka.

The Corners, at the crossing of Highway 18 and Fox street, were recently re-zoned for business purposes by the Lake County Zoning commission, on a petition from Mrs. Emma Selter.

The Cernbenkas, who are from Chicago, purchased the property on the northwest corner from Mrs. Selter this fall. They plan to conduct their store as a combined meat market and grocery, and to have it up-to-date in all respects.

There is a possibility that a beauty shop, or some other business establishment, designed to serve summer residents, may be erected on the property on the northeast corner, according to Mrs. Selter.

The old Selter hotel, a landmark in the vicinity for 65 years, is located on the southeast corner.

Mr. and Mrs. Harry Greenlee and daughter, Clarita, and Miss Wanda Lain spent Christmas at the homes of their parents in Colfax, Illinois. Miss Lain will spend the remainder of the Christmas vacation at her home there.

LITTLE MAN WHAT NOW?

Three Hundred Children Are Guests at Treat

**Village Board Entertains
Kiddies at Annual
Christmas Party**

The biggest crowd of children yet to attend the annual "Community Christmas party" for little folks, held Saturday evening in the Antioch village park, joined in the singing of carols around the village Christmas tree, welcomed "Santa's" arrival, and rejoiced in the treat of candy, fruit and other remembrances provided for each.

Every year the village board, headed by Mayor George B. Bartlett, plays host to the children.

"This year's party was the best we have had," declared the mayor. "The village board was greatly pleased with its success, and we feel that it will be an inspiration in planning for next year's event."

150 Lbs. of Candy.

One hundred and fifty pounds of candy, and whole boxes of oranges and apples were needed to fill the 300 sacks given out to the youngsters.

Because there was no snow for his reindeer this Christmas, Santa made his appearance in a truck, loaned for the purpose by Elmer Renner.

Christmas carols were sung around the tree, with Hans Von Holwede providing piano accordion accompaniment. A brief Christmas talk was given by the Rev. S. E. Pollock.

Assisting the village board in preparing for the treat by filling the bags ready for the children were members of the Antioch Woman's club and other volunteer workers. The village board is extending thanks to them and to all others who aided in making the party successful.

Besides the children, a number of parents gathered to watch the fun and to enjoy the holiday atmosphere.

Adding to the pleasure of the occasion was an extra "treat" in the form of Christmas packages donated by the Antioch Lumber and Coal company, of which Ed F. Vos is president. The company has for several years made it a custom to supply a treat for the children at Christmas.

"My Blue Heaven" Is Coming Rotnour Offering

Two outstanding attractions are being prepared by the J. B. Rotnour company for presentation this evening and next Thursday. Tonight's offering will be "Down Mexico Way," a dramatic adventure story, while next Thursday evening, Jan. 4, the company is to give "My Blue Heaven," a new comedy.

"Down Mexico Way" dramatizes an interesting episode in the life of Pancho Villa, the Mexican bandit leader who became so well known that he assumed practically an official status.

Dramatic situations and a not-unpleasant vein of pathos are woven into the comedy of "My Blue Heaven."

Last Thursday evening the troupe gave the light comedy, "She Dared the Man." The shopping season did not seem to interfere with the attendance, and a large crowd was on hand to enjoy the play and accompanying vaudeville.

Plan to Deal Severely With "Fire Chasers"

**Fire Department Acts to
Curb Nuisance of Too-
Curious Spectators**

Officers and firemen of the Antioch Fire department pride themselves on having a great deal of patience, but several instances have arisen lately in which it was felt that spectators crowding in too closely have proved something of a hindrance in fighting fires.

For the safety of on-lookers themselves, as well as for the better protection of property owners, and the promotion of maximum efficiency in fire-fighting, the department is planning to deal severely with offenders from now on, it was announced today.

Regulate Spectators

Antioch village ordinances passed on June 3, 1924, provide for the regulation of vehicles during fires, to the following effect:

"Vehicles shall not follow the fire truck at a distance less than 300 feet."

"They shall pull to the curb (when in advance) and wait until such apparatus has passed."

"Vehicles shall not be parked in front of fire stations or theatres."

The fire department is empowered to establish a temporary danger zone around a fire, and to keep spectators and vehicles from entering this zone during the progress of the fire.

The village fire ordinances also provide for the imposing of fines from \$3 to \$200 as penalty for infringing on them.

In that part of the fire district outside the village limits, in the township of Antioch, these ordinances are not in force but other motor laws are so worded that the firemen can use them for enforcing "clear zones" and can assess penalties to be brought against "fire chasers."

In case the nuisance persists, the fire department plans to make examples of the worst offenders by causing heavy penalties to be imposed.

During some of the more recent fires, the carelessness of automobile drivers who were attracted by the excitement was said to be noticeable. In order to stop the misuse of traffic laws and the hampering of the firemen while on duty, it may be found necessary to make some arrests, fire department officers state. Insurance companies have also expressed their willingness to co-operate to the extent of carrying some of the cases to the county court.

Printing By-Laws

New copies of the revised by-laws of the fire department will help the firemen to start 1940 right.

After considerable delay, the revised by-laws have finally been given the approval of the department's by-laws committee and have been put in the hands of the printer.

A benefit wrestling show, funds of which will be used to make up the balance needed for purchasing new uniforms for the department, will be sponsored by the firemen some time soon.

Further plans are also to be considered in connection with the building of a new fire station so that all fire apparatus can be housed under one roof and more room can be provided for the firemen to carry on indoor drills.

Two Fires Sunday

The firemen were called out twice on Sunday.

At 12:30 noon an alarm was turned from Linden lane on the west shore of Lake Catherine, where a cottage owned by F. W. Oeschmann had caught fire from an overheated stove-pipe where it passed through a partition between rooms.

The firemen found that the owner, using a garden hose, had extinguished most of the fire by the time they arrived. The damage was estimated at \$500.

At 1:20 p.m. the firemen were again called out on an alarm. Through a misunderstanding, three pieces of fire apparatus proceeded to the Antioch Packing company's plant at the north edge of town, there to be informed that the fire was in the retail market downtown.

On arrival the firemen found that the fire was confined to the neon sign in the north shore window, which had shorted. Loss was estimated at \$5.

File Suit Over Accident

A combined claim of \$20,000 for injuries has been filed by Edward and Elizabeth Jackson of Chicago as a result of an accident in which they declare their car was struck by an automobile of which Ernest Bouchard, Chicago, was the driver Dec. 31, 1937, near Antioch.

FRIENDS AND FOES OF THE KINGDOM

LESSON TEXT—Matthew 13:44–14:1;
12:29–31; 13:31–37; 14:1–2.
GOLDEN TEXT—Ye are my friends, if ye do whatsoever I command you.—John 15:14.

Inventory time has come, and it seems that our lesson for today, although it does come in the middle of our study of the Gospel of Matthew, comes too to sort of a pause to consider what has been the result of that which Jesus had said and done thus far in our study.

The answer we find is that He had both friends and foes, both love and hatred. His foes apparently outnumbered His friends, and the hatred was evidently fierce and the love none too warm. So Jesus was defeated? No, far from it. As we know, He won the victory over His enemies.

The situation is not different today. Those who follow Jesus and love Him truly are quite evidently in the minority and all too often it seems that hatred for the cause of Christ has the upper hand. Are we defeated? No, Jesus will ultimately win the victory again. We are on the winning side.

I. Dishonored Because of Jealousy (13:54–58)

One would have supposed that the people of the little, almost unknown town of Nazareth would have been thrilled at the return of its native son whose fame had also spread its name abroad and whose name was on the lips of thousands because He went about doing good.

They were astonished, but they were not ready to accept Him. They could not deny the fact either of His person or His power, but they could and did permit their personal pride and jealousy to lead them to deny Him. "This story teaches us the unutterable folly of refusing to accept fact because it is astonishing, yet there are thousands of people standing in that position today concerning Jesus Christ. It is utterly unscientific, not to say irreligious. Here is an astonishing thing. They say we cannot understand how this man hath this wisdom. Has He the wisdom? Why, yes, we cannot escape it. Then in the name of God and common honesty obey the injunction and postpone the investigation" (G. Campbell Morgan).

II. Rated Because of Sin (14:1–4)

The pride of heart which causes many to hold themselves too good to follow the lowly Nazarene is sin. There is also that which even the world recognizes as sin which separates men from Christ. D. L. Moody is said to have written on the fly leaf of his Bible: "This book will keep you from sin, or sin will keep you from this book." That is true, and it is also true that sin will keep a man from Christ.

Herod, living in sin, had been rebuked by John and had silenced his accuser by the simple expedient of imprisonment and ultimately by beheading him. But end does not thus put away sin, and when this man heard of Jesus, he at once assumed that John had risen from the dead to plague him still. So Herod also took his place with the enemies of our Lord.

If a man shows his opposition to Christ, whether it be by indifference, or by jealousy, or in outright hatred, be sure there is sin in that man's life. Those who love righteousness love the righteous Lord.

III. Accepted Because of Service (15:29–31)

"The Son of man came not to be ministered unto, but to minister;" even to the giving of "his life a ransom for many" (Matt. 20:20). We have so overemphasized and misused the word service that one almost hesitates to speak it in connection with the name of the Lord Jesus. Yet it does summarize His earthly life and ministry. He served the needy with His teaching and preaching, with His provision for their daily needs, with His healing touch, and we read that they wondered and glorified God (v. 31).

We said above that the majority of men appear to reject Christ, but "We do not see that 24, 25, 26, 27, 28, 29, 30, 31."

I RESOLVE

• Made your resolutions for 1940? Here's a few you can make and break without much trouble—just for the sake of resolution-ing!

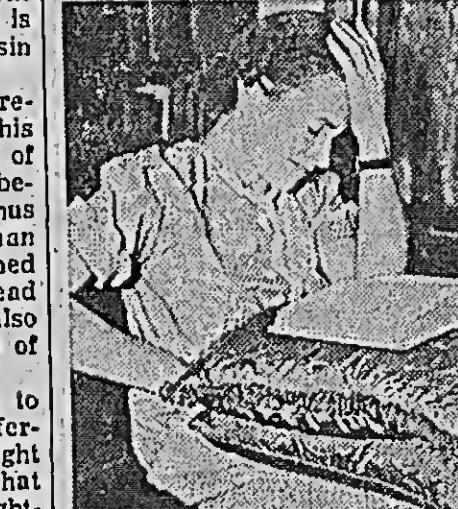

"Candy? No, thanks, won't touch the stuff in 1940. Oh, well, I guess just one piece won't hurt."

"Going to (puff) take this (puff) stomach off me this (puff) year if it kills me. Gotta (puff) do this every (puff) day."

"Lemme see . . . if I save 10 cents every day in 1940, that makes . . . m-m-m-m . . . thirty-six dollars and 50 cents a year."

"I feel everyone should do her best to improve her mind in 1940 with good reading material. Let's see . . . what did that say? Kinda dry book. Guess I'll go to a show."

"This year . . . just toss these let. Er . . . out a last . . ."

How New Year Speeds Around the World

When 1940 reaches New York City in a blare of noise at 12:01 a.m. Monday, it will already be early Monday evening just east of Australia in the Chatham Islands. Meanwhile, at Honolulu the clock will register 6:30 p.m. Sunday. The new year is born on the lonely Chatham Islands, 414 miles southeast of New Zealand and races westward at 1,000 miles an hour. About 200 shepherds and fishermen in the Chatham group celebrate the New Year admiringly and runs near the 180th meridian of longitude.

All for Science

For the sake of science Richard S. Kaplan, president of the Gary, Ind., safety council, volunteered to sit down with a quart of whiskey and test the accuracy of a "drunkometer" device for testing drinking drivers.

After his fourth "boilermaker," Kaplan sees everything through glowing eyes. He is happy, and all's right with the world.

Kaplan blows into the "drunkometer" balloon. Examination of his breath proved him to be in no condition to drive a car according to Indiana legal standards. Kaplan agreed with the machine's verdict. The test was made under a state expert's supervision.

SOCIETY NOTES

Miss Helen Bauman, Millburn, is Bride of William Ferry

The home of Mr. and Mrs. Lewis Bauman at Millburn was decorated with palms and baskets of gladioli for the marriage of their daughter, Helen Louise, to William B. Ferry, Tuesday afternoon at 2 o'clock. The bridegroom, who is principal of the Fox Lake Grade school, is the son of Charles Ferry, Waukegan.

The bride was presented in marriage by her father, and her sister, Miss Bernice Bauman, acted as maid of honor. William Bauman attended the bridegroom.

With her gown of dusty pink crepe the bride wore a blue hat and blue slippers. Her corsage was of white roses and sweet peas. The maid of honor wore a frock of blue crepe in a shade matching the accessories to the bride's costume, and blue slippers. Her hat was of dusty pink, and her corsage of pink carnations and sweet peas.

The Rev. Joseph Bogl of the Fox Lake Community church officiated at the ceremony, standing before a bank of palms and gladioli arranged to give an altar-like effect. Miss Geraldine Bonner played the "Lohengrin" wedding march for the processional, and also accompanied the soloist, Willard Gieske of Barrington, who sang "Until" during the service.

Mr. and Mrs. Ferry left on a short wedding trip, the destination of which was not disclosed. They will return in time for the opening of school after the Christmas holidays, and will make their home at Fox Lake.

Parties at which the bride has been honored include a shower held by the nurses of St. Therese hospital, (to which the former Miss Bauman is a graduate) last Wednesday evening in Waukegan with the Misses Jessie Brossard, Fanny Fortuna and Ann Horwath as hostesses.

DISTRICT OFFICERS ATTEND AUXILIARY'S CHRISTMAS PARTY

Mrs. W. A. Tennenman, Deerfield, who is district director of the American Legion auxiliary, and Mrs. Ray Suzzi, Highwood, district community service chairman, were guests of honor at a Christmas party held by the Antioch auxiliary Friday evening at the home of Mrs. A. P. Bratrude. Twenty-two were present at the event, for which Misses W. W. Ward, Frank Harden and Thekla Scheibe were assistant hostesses.

The membership of the Antioch auxiliary now includes seven new members, who were initiated at a meeting held Nov. 24 at the home of Mrs. Chris Mortensen.

HENSLEES LEAVE ON TRIP TO FLORIDA

The Rev. and Mrs. W. C. Henslee are expected to return about Jan. 12 from Orlando, Fla., where they are making a three weeks' stay with their son and his family. The Henslees left by motor on Sunday.

In Rev. Henslee's absence, the Rev. E. J. Aiken of Elgin, a former pastor of the Antioch Methodist church, will preach the sermon on Sunday morning, Dec. 31.

The Rev. S. E. Pollock is to give the sermon on Sunday, Jan. 7.

The choir rehearsed at the home of Mrs. H. B. Gaston Wednesday evening, and will hold a rehearsal also at her home on Wednesday evening, Jan. 3, at 7:30 o'clock.

BUSINESS WOMEN TO MEET SECOND MONDAY

The Antioch Business and Professional Women's club will have its next meeting on Monday evening, Jan. 8, instead of Jan. 1, because of the Christmas holidays. The meeting will be held in the Grade school, at 8 o'clock.

WILLING WORKERS TO MEET JAN. 4

Mrs. Robert Runyard will entertain her Willing Worker group at her home on Route 50 Thursday afternoon, Jan. 4, at 2 o'clock.

STUDENTS HOME FOR YULE VACATION

Among college students who are home for the holidays are Sidney Hughes and Betty Lu Williams, Illinois Wesleyan; Wendell Nelson, Charles Hawkins, Roger Brogan, Bob Mathis, Paul Richey, Homer White, Cameron Michell, and Margaret Hughes, University of Illinois; Phyllis Hughes, University of Iowa; Jean Hughes, Jack Panowski and Eleanor White, DeKalb; Russell Doolittle and Bob Burke, Beloit; Ted Larson, Jacksonville; Harry Nelson, RCA, Chicago; Bernard Osmond, University of Michigan.

SURPRISE PROGRAM PLANNED BY CIRCLE

Being kept a deep secret until the time comes is the "surprise program" being planned for a meeting of Friendship Circle on Thursday, Jan. 4, at the home of Mrs. J. O. Austin.

The program will start at 8 p. m., the hostess announces.

Assisting Mrs. Austin on the committee will be Mrs. Harry Greenlee and Miss Wanda Lain.

CHRISTIAN SCIENCE CHURCHES

"Christian Science" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, December 24.

The Golden Text was, "Break forth into joy, sing together, ye waste places of Jerusalem; for the Lord hath comforted his people, he hath redeemed Jerusalem" (Isaiah 52:9).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "For ever, O Lord, thy word is settled in heaven. O how love I thy law; It is my meditation all the day. Thy word is a lamp unto my feet, and light unto my path" (Psalms 119: 89, 97, 105).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Jesus once said of his lessons: 'My doctrine is not mine, but His that sent me. If any man will do His will, he shall know of the doctrine, whether it be of God, or whether I speak of myself'" (p. 100).

WEEKLY NEWS ANALYSIS BY JOSEPH W. LABINE

Pan America Faces Hard Job Maintaining Neutrality Zone; Agree on More Restrictions

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)

Released by Western Newspaper Union.

PAN AMERICA: Violations

Determined to "share the fate of his ship," Capt. Hans Langsdorf of the scuttled German battleship *Graf Spee* blew out his brains in a Buenos Aires hotel. At Port Everglades, Fla., rested the Nazi freighter *Arauco*, driven to refuge when a British warship fired across her bow a few miles from shore. At Ellis Island, N. Y., were landed the 400 survivors of Germany's luxury liner *Columbus*, scuttled off the Virginia capes rather than face inevitable capture by a British destroyer. Crewmen

NEUTRALITY VIOLATIONS

There will be teeth, now.

were interned for 60 days, but must then leave the U. S.

*(Before he killed himself, Graf Spee's captain told how the ship had fooled her raiding victims by camouflaging, once by changing her superstructure to resemble the British cruiser *Reactive*. London heard how its cruiser *Exeter* had staged a valiant fight against *Graf Spee* until help arrived. Said the report: One seaman, who had both legs shot off, commented that he was "not doing too badly under somewhat adverse circumstances." He died a few hours later.)*

The *Spee*, *Columbus* and *Arauco* incidents brought Europe's war to Pan-American shores for the first time, and there was every indication that Western hemisphere governments would tolerate no more of these carryings-on. Guided by the U. S. nations which established a fanciful "neutrality zone" at Panama City last October began laying their plans.

It was revealed that the U. S. had agreed to join Brazil and Argentina in helping Uruguay force *Graf Spee* out of Montevideo harbor, had the pocket vessel refused to move. Stirred to even greater action by the *Columbus* and *Arauco* incidents, Pan America planned to put teeth in its neutrality declaration. The teeth: Any belligerent warship that violates the principle of the neutrality zone will be accorded no assistance in American ports. If a ship guilty of such violation seeks refuge or repairs in an American port, it and its crew will be interned for the war's duration.

Nobody expected Britain and Germany to pay much attention; indeed, a London paper pointedly remarked that American nations had no right of sovereignty over extra-territorial waters. But Washington at least hoped the restrictions would prevent fighting in American territorial waters.

Already interned by Argentina are the 1,039 crewmen of *Graf Spee* who found themselves scattered hastily to provinces far from the ocean.

THE WARS:

In the West

Not all of Europe's mid-December warfare took place in American waters (see above). The western front was quiet as usual, but Britain's new "security patrol" over the North sea ran into a pack of Messerschmidt trouble.

Purpose of the patrol is to keep mine-laying German planes at their bases during the early morning

NAMES

... in the news

From New York, ex-President Herbert Hoover sent Finland's Premier Kisto Ryti the \$100,000 his relief organization collected in its first week.

Arriving in Manhattan was James F. Montgomery, U. S. minister to Hungary. Reports said he would resign unless the state department allowed his wife to return to Europe with him.

To Reno came Mrs. Orson Welles, wife of the 25-year-old radio and stage dramatist, awaiting a divorce.

Friends in Washington hinted Wisconsin's John D. Wickham, state supreme court justice ("a Democrat, Catholic, midwesterner and liberal") would be named to the U. S. Supreme court to succeed another midwestern Catholic, the late Pierce Butler.

DEFENSE:

Navy Day

As Europe's war came nearer home (See PAN-AMERICA), two items of domestic news drew more attention than usual:

At Washington the navy department awarded a \$20,018,699 contract for airplanes to the Consolidated Aircraft corporation at San Diego. At Quincy, Mass., the navy tested its newest airplane carrier, the \$21,000,000 *Wasp*, which steamed on a trial run along the New England coast with its secret deck equipment shrouded by tarpaulins.

AGRICULTURE:

Woe

In today's unhappy agricultural plight, one of the sorrows of improved production methods is that increased acreage yields only glut the nation's already overfilled granaries. Thus, at year's end, the U. S. department of agriculture sadly announced that—despite acreage slashed in 1930—total farm production was in many cases above last year's.

Best example was corn, which produced 29.5 bushels per acre compared with last year's 27.8 bushels and the 10-year average (1928-37) of 23 bushels. Reason for this boost was the new hybrid variety which Secretary of Agriculture Henry Wallace has promoted among the tall corn growers of his native Iowa. Although corn acreage harvested was the smallest since 1898, production was 2,619,137,000 bushels, the largest with one exception (1937) since 1932.

Among wheat, corn, oats, rye and barley, the only other increased grain crop was barley. Total grain production was 4,626,000,000 against 4,368,000,000 in 1938. Winter wheat (but not spring) was up 13,000,000

HYBRID CORN

bushels over the preliminary estimate on a harvested acre 12,000,000 acres less than in 1936. Soy beans registered 87,409,000 bushels compared with the estimate of 63,000,000 bushels. The cotton yield, unusually high, averaged 230 pounds per acre from the smallest acreage in 40 years. Tobacco also set a new yield record of 911 pounds per acre, total production also reaching a new high of 1,769,639,000 pounds.

Other farm news:

Signed in Washington was a supplementary trade agreement between the U. S. and Cuba, restoring tariff reductions on sugar and tobacco imports which were terminated by presidential proclamation when Europe went to war. Cuban tariff reductions were granted on peanut butter, salmon and mohair products, that nation also agreeing to maintain improved treatment for U. S. rice.

President Roosevelt told reporters he intended to ask Congress to raise the \$550,000,000 "owed to the treasury" as a result of farm parity payments and other agricultural expenditures which were approved by the legislators, but not provided for.

POLITICS:

Farm Vote

For several months many political forecasters have believed 1940's presidential election will be won or lost in the midwestern farm belt. As the pre-season campaign drew to a close (it will start again after Congress adjourns) it became apparent that Republicans concentrate most of their ammunition on the progressive-minded farm belt.

First Democrat to see the light was Montana's Sen. Burton K. Wheeler, himself a potential candidate, who warned that westerners would vote the Republican ticket unless the Democrats nominate a "liberal." Explanation: "... their natural tendency has been with the Republican party and they could see no reason to change if a conservative Democrat is nominated."

Meanwhile the rumor spread that smart Republicans may try to swing to their cause two of the West's foremost liberals—Minnesota's Sen. Henrik Shipstead, a Farmer-Laborite, and Wisconsin's Sen. Robert M. LaFollette, whose doughty father once dominated the G. O. P. Key man in this campaign is Minnesota's youthful Gov. Harold Stassen, a Republican whose masterful fence-straddling has welded a strong party consisting of progressive Republicans and disgruntled right-wing Farmer-Laborites.

Already committed to supporting Shipstead in the Republican primary, Governor Stassen could easily extend his idea into neighboring farm states, where discontent with the administration's reciprocal trade program may prove a No. 1 talking point for Republicans in 1940.

Bomberette

Worry! Worry! It's a Weighty Problem

Jack Spratt could eat no fat—and neither can Silvio Coucet, left, noted jockey, who returned to New York from Italy only to find himself 16 pounds overweight. Now he must reduce to get a job. But Joseph Froberg of Brockton, Mass., right, can eat what he likes—and plenty of it. He must gain seven pounds in two weeks to meet U. S. air corps physical requirements for admittance. When examined Joseph weighed only 121 pounds. He told officials at Mitchell field, Long Island, that his Christmas dinner alone weighed seven pounds.

Cobb Measures One

Now, Here's the Way It Appears to Me

It must have been a matter of grave consequence judging from the facial expression of Rep. Luther A. Johnson of Texas, right, who whispers into the ear of Rep. James A. Shanley of Connecticut. Johnson probably wears a happier look now, for the arms embargo repeal, which he backed, was adopted. Shanley advocated retention of existing embargo legislation.

-At the County Seat

Dec. 26—Thirteen persons were injured in traffic mishaps on Lake County highways. Among them is the Rev. David M. Bucks, Milwaukee, who was still unconscious at noon today in St. Therese hospital.

Dec. 26—A newspaper story led to the restoration of valuable heirlooms to a member of the Col. Samuel Colt family. Mrs. Mary Colt Bacon, of Seattle, Wash., grand-daughter of the firearms inventor, received a package including letters from Garabaldi and Longfellow to Col. Colt when she read in a Seattle paper a story relayed from Waukegan telling of attempts made by John G. Zollman, Winthrop Harbor, to locate heirs of the family.

Dec. 23—On-lookers helped Karl Helder, 674 Jackson street, get his car off the main southbound North Western track at Twenty-second street yesterday afternoon when he made an accidental right turn on to the tracks as he headed east over the crossing.

Dec. 22—There are 27 licensed amateur radio operators in Waukegan, according to a list just released by the Federal Communications commission.

Dec. 22—Almon C. Wilder of 1522 Melrose avenue will end 47 years of service on the North Western railway tomorrow evening with his final run as engineer of the Wisconsin Limited, which will pass the Waukegan station at 8 p. m. The Ashland Limited, the Fast Mail and the Duluth-Superior Limited are among the trains he has piloted.

Dec. 21—A total of 143,600 letters sent out from Waukegan yesterday exceeded all previous records for a single day in the city. This total includes only letters that went through the post offices' cancelling machine. Air mail and odd-shaped letters that were hand-cancelled were not estimated.

LEGAL

STATE OF ILLINOIS

COUNTY OF LAKE IN THE CIRCUIT COURT FRANCES BRANNON vs.) 46944

HARRY BRANNON)

Affidavit of unknown residence of Harry Brannon the above defendant having been filed in the Clerk's office of the Circuit Court of said County, notice is therefore hereby given to the said defendant that the plaintiff filed her complaint in said Court on the 10th day of October, A. D. 1939, and that thereupon a Summons issued out of said Court, wherein said suit is now pending, returnable as is by law required. Now, unless you, the said defendant above named shall personally be and appear before said Circuit Court, on the 29th day of January, A. D. 1940, to be held at Waukegan in and for the said County, and plead, answer or demur to the said plaintiff's complaint, the same and the matters and things therein charged and stated will be taken as confessed, and a decree or judgment entered against you according to the prayer of said complaint.

L. J. WILMOT, Clerk, Waukegan, Illinois, December 15, A. D. 1939.

GEO. W. FIELD, Plaintiff's Attorney.

Shipwrecks Missing

New Zealand has a shipwrecks society and no shipwrecks. It was disclosed by the Shipwrecks Relief Society that money is accumulating in the bank for want of disaster. The society obtains its finances from the shipping companies and the harbor boards of this country, all of which make an annual contribution. Year by year the funds grow larger. Now they stand at \$80,000 and are safely invested. This has resulted in the society now receiving more than it spends. The position is regarded with satisfaction by local governments, it seems. Mayor Arthur H. Allen of Dunedin has said:

"It is gratifying to know this money has been invested in gilt edged securities."

Japanese Synthetic Gas

Synthetic gasoline in Japan costs three times the market price of imported gasoline, says Industrial and Engineering Chemistry. The Japanese government subsidizes the synthetic product, the supply of which thus far does not exceed 10,000 gallons a month. Production is slated to be increased by 2,900 per cent within the next three years.

Pickard Plant...

(continued from page 1) been doubled. Special arrangements are being made to keep its moisture content from varying, and an extension is being made to the filter rack.

Orders are already being taken with the increased production capacity of the plant in view.

Pickard Quality Noted

Reports from various parts of the country indicate that Pickard china is becoming better and better known. Its quality is said to compare favorably—as to translucency, color, fineness and durability of the glaze, and the delicacy of the ware itself—with not only the best American china, but with the finer English wares as well. In many respects it is said even to excel the imported wares.

Pickard china has confined itself to more or less conventional types of decoration and design and ones of modern spirit and has made little attempt to follow "fad" in coloring available in the less expensive wares.

One of the more successful present patterns for "service plates" features a beautiful filigree-effect border in gold, with a large floral design in the center.

Needs Many "Firings"

Two firings are required to "fix" the gold decorations on the china, and one each for the various colors. For instance, a set decorated in gold, pink, blue and green would require five separate firings before the decoration was complete. "Rubber stamp," "block printing" and hand painting methods are all employed in the decoration of the Pickard china.

The Pickard company's only manufacturing plant is the one in Antioch. Its decorating plant is at present located in Chicago, but may be transferred here sometime within the next couple of years in the event that the expansion of business justifies the move.

The company is in a way the fulfillment of the late W. A. Pickard's "dream" that he might one day have his own manufacturing plant. He founded the company—which originally dealt only in china decorating—42 years ago in Edgerton, Wisconsin, later removing it to Chicago, where he had become interested in real estate affairs.

Pickard china ware sales for Chicago are conducted exclusively through Marshall Field and company, in Chicago. So impressed has Marshall Field been with the beauty and quality of the Pickard china, that an entire cabinet in the Chicago store is set aside for its display.

Sales in other parts of the country are also handled through "key" outlets established in some of the principal cities.

Car Hits Train; Nobody Hurt

Minor injuries and bruises were sustained by Margaret Fowler of Waukegan and Merton C. Stewart of Kenosha when an automobile driven by Stewart crashed into the side of a moving train near Silver Lake. Warning signals at the crossing were not working at the time, according to a report made to the Kenosha county sheriff's department by Stewart.

The Observer

That post-Christmas quietude in Antioch stores, and especially in the meat markets, with the "help" wielding a broom to pass away the time. No more meat buying till that Christmas turkey or goose, or whatever it was, is eaten up.

Mabel, the little girl at the big limestone type who hates to let a good joke, or even a bad one, get by without nabbing it, says it's no wonder Doc Deering's scientifically invented "Spoty" frogs look real—they're made out of "live" rubber.

Speaking of bum jokes, we were reading in the papers how a lady put her ex-husband in jail for Christmas. We don't know about "fair," but it was "cooler" for him.

After one look up, and another look down, deserted Main street on Tuesday, the boss wanted to know what becomes of December 26. He said it might as well be out of the calendar, for all he could see that was happening.

And now that the Christmas presents have been looked over and the grownups have quit playing with the baby's toys, and we've all gone back to worrying over how to make income and expenses meet, there's nothing to look forward to but New Year's Eve. Yippee!!

It Is My Home Town And I Am Part of It

"My town is the place where my home is founded; where my vote is cast; where my children are educated; where my neighbors dwell, and where my life is chiefly lived. It is the home spot for me.

"My town has the right to my civic loyalty. It supports me and I should support it. My town wants my citizenship, not my partisanship; my friendliness, not my dissension; my sympathy, not my criticism; my intelligence, not my indifference. My town supplies me with protection, trade, friends, education, schools, churches, and the right to free, moral citizenship.

"It has some things that are better than others; the best things I should seek to make better; the worst things I should help to suppress. Take it all-in-all, it is my town, and it is entitled to the best there is in me."
